# Baia

With its ergonomic design and special features, the Baia sauna is particularly attractive thanks to its curved seating.

Wavy benches can usually only be found in larger saunas, but we wanted to offer this luxury touch for a sauna that can fit into smaller spaces.

Baia offers an unbeatable price-to-quality ratio - alongside its energy efficiency and quality construction, this makes it the best option for a low-cost, aesthetically pleasing, and ergonomic compact sauna.

As well as being comfortable, Baia looks incredible, with features that really make it stand out from the crowd. Welcome to a luxurious new era for small saunas!

There's something quiet, almost unspoken, about being Nordic. Tough winters see nature come to a standstill... only to be reawakened by the powers of spring.

When woods and rivers patiently hibernate until they return to full life with the first rays of sun. When aspen and alder trees grow tall and beautiful to be reborn into pieces of fine woodwork. When after a long day you enter a sauna feeling the need to peacefully unwind and free your mind.

At Auroom, we aim to be the true ambassadors of the Nordic sauna and wellness culture, who passionately and relentlessly spread it around the world.

We create our saunas to bring you wellness. We have a long-standing passion for wood and master pure, clean, modern design, perfected to the last detail. Our saunas are tailored to meet your wishes and desires, and powered by our dedication and craftsmanship.

Our sauna traditions, which stretch over centuries, have been given a modern shape to fit into today's world and make your days more enjoyable both aesthetically and physically.

We invite you to experience that first-hand.  
Feel refreshed, feel reborn.
