Key features

Various size options

Customize your sauna experience with Luma’s selection of length and diameter options. Whatever the size of your outdoor area, there’s a Luma that fits perfectly to accommodate everyone from solitary bathers to social butterflies.

Customisable

8Luma is a personal retreat, tailored to your preferences. Choose from a selection of upgrades including panoramic windows, a range of exterior colors, diverse lighting solutions and multiple heating options to create your ideal sauna experience.

Appealing circular design

Embrace the serenity of Luma’s circular form, which harmonizes with the natural environment. As well as enhancing your outdoor aesthetics, this design also provides more uniform heat distribution within the sauna.

Durability and longevity

Built with Thermory 's premium thermo-spruce, Luma is crafted to endure. Thermal modification significantly enhances the wood’s resistance to decay and weathering, ensuring that your sauna stands the test of time.

Easy installation

Engineered for convenience, our saunas are designed to be assembled with ease. The intuitive design and clear instructions mean that setting up your Halo sauna is a smooth, straightforward process that’s quick and rewarding.

Convenient terrace

This thoughtfully designed outdoor space provides the perfect extension to your sauna experience, allowing you to relax, soak up the sun or cool off in refreshing style after a rejuvenating sauna session.
