

Quu combined with outdoor shower module

Quu

Boldly refined.
Elegantly different.

Introducing Quu - a new pinnacle of luxury outdoor sauna design by Auroom. Built for those who seek more than just function, Quu is an architectural statement where premium materials, serene spaciousness and bespoke design come together in perfect balance.

Wrapped in our signature Ignite cladding - a thermally modified, brushed and black-painted wood surface - Quu commands attention from the outside. Inside, it offers a calming sanctuary, defined by clean lines, panoramic views, and floating benches crafted from thermo-radiata pine.

Whether you choose the sculptural Wave interior or develop your own bespoke layout, Quu adapts effortlessly to your aesthetic vision and wellness needs.

Key features

Stand out with striking design

The exclusive IGNITE exterior cladding gives QUU a bold, premium character that transforms any outdoor setting.

Built to withstand any weather

Thanks to a strong CLT structure and Kingspan insulation, Quu is ready for year-round use - no matter the season or setting.

Make it truly yours

Choose from refined design options like the elegant "Wave" bench layout, or personalize the interior fully to fit your taste and space.

Relax in spacious comfort

Panoramic glass walls and floating benches create a serene, open atmosphere to unwind and re-charge.

Experience natural luxury

Enjoy the tactile beauty and warmth of thermo-radiata pine and thermo-ash, chosen for their durability and rich finish.

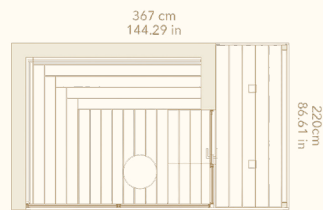

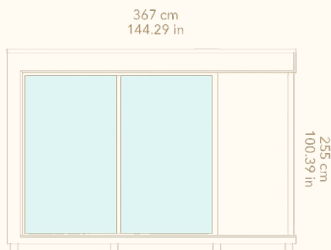

Modern comforts included

Ambient lighting and a built-in audio system offer the finishing touches to elevate your sauna experience.

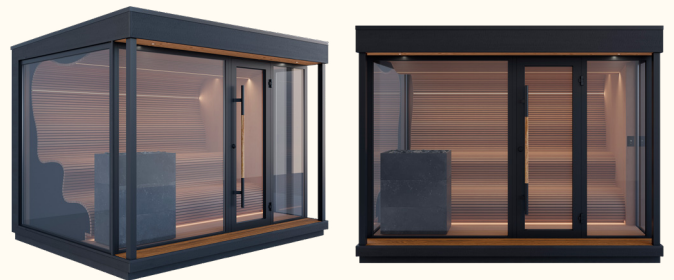

Quu model

Quu features a comfortable thermo-ash terrace and a clean-lined L-shaped benches

Quu Wave model

Quu Wave features sculptural, ergonomic wave benches for added comfort and visual flair.
