

Baia

Rounded luxury

With its ergonomic design and distinctive curved seating, the Baia sauna brings a touch of wellness luxury to more compact interiors. Wavy benches, typically found only in larger models, are reimagined here for smaller spaces, offering superior comfort without compromise.

Baia stands out with its exceptional balance of design, energy efficiency, and build quality. Thoughtfully engineered and beautifully crafted, it's an accessible choice for those seeking a high-end sauna experience in a refined, space-conscious format.

This Auroom indoor sauna comes in three design options: Baia Glass, Baia Glass Corner and Baia Wood.
