Enter the world of wellbeing

Creating moments of wellbeing

We come from the deep forests and harsh climate of the North, the birthplace of the sauna, where it has been treasured as a ritual for achieving mental and physical balance for thousands of years. We are convinced that this ancient legacy works equally well today, creating the moments of wellbeing necessary for people to live a fulfilled life.

Making saunas is our passion

Auroom has been making saunas for more than 20 years. We have a lifelong passion for timber and produce clean, pure, modern designs that are perfected down to the last detail. Our saunas are tailored to meet every need and refined by our craftsmanship. Our whole team of experts is dedicated to creating the most harmonious sauna experience possible. All our saunas are handcrafted, integrating years of experience and cutting-edge technology. We tackle every sauna project individually in order to provide the best possible solution for our clients. That is why we are able to offer wellness solutions for even the most demanding requirements, be they special home sauna projects or entire sauna complexes for spa hotels.

Saunas that are made to last

Every piece of timber we use in our saunas, however small a part it will play, is carefully selected from the high-quality materials at our disposal. In this way, we ensure the longevity of our products and avoid problems arising in the course of their use. We build with a wide range of timbers – if you place a special order, your imagination is only the limit.

Taking responsibility

We use only timber that has been responsibly sourced. We obtain timber from our parent company Thermory – the world's leading producer of thermally modified timber and sauna materials. This allows us to make our products available all over the world and ensures that the quality of our raw materials is consistent even in larger orders. Our saunas meet all global environmental standards and are certified accordingly.

We would like to take a moment to express our sincere gratitude towards our professional Auroom resellers, thanks to whom we can present such amazing references as the ones following here.

Dear trusted partner, we at Auroom are honored to share moments of well-being with our premium saunas all over the world with you.

Tailor-made

Your imagination is the only limit

At Auroom we are able to offer exquisite tailormade options, be it a sauna for private or public purposes. We can build a sauna anywhere you wish – even on your private yacht or plane.

Using the latest technologies, our capable designers, technicians and craftsmen are happy to master even the most sophisticated projects. Tailor-made saunas and unique solutions are our strengths.

We are here to listen to your needs and wishes. Contact us and tell us your vision. We will help you make it a reality.

Auroom Standard Saunas

An oasis in your garden

Close your eyes and imagine that you have a sauna in your garden. After basking in the heat, you jump in a cold shower or natural pond in the garden to cool down, or in winter, dive into cold powdered snow. But why just dream?

An Auroom outdoor sauna is a wonderful everyday luxury that will make your outdoor living experience even more enjoyable by broadening your options for socialising and activities.

While enjoying sauna solo is always a welcome experience, the outdoor sauna is best enjoyed as a group activity. Your sauna will provide the perfect excuse to spend time with friends, get to know your colleagues or invite your family around for a catch-up. Outdoor saunas make a complete event – you can combine a barbeque dinner with a refreshing sauna experience.

Garda

Simply satisfying
